

Hindu Dialects as Recorded in the Census 2011

by Potluri Rao In Seattle ©2018 (CC BY 4.0)

The Census 2011 recorded almost 2,000 dialects of various sizes currently in use in India. The following is a list of some of the major commonly recognizable dialects with substantial size. Maps of the dialects by size and location are supplied separately.

The DNA O, J2b, H, and L are subgroups of the parent F.
